

Additional Pole 1 Offer – effective from 00:00 hours 29 October 2011 to 24:00 hours 30 October 2011

In addition to the offer for Pole 1 effective since 00:00 hours 1 July 2011, Pole 1 will be made available for dispatch in current control mode¹ for north transfer between 100MW and 200MW for trading periods 14 (beginning 06:30 hours) to and including trading period 41 (ending 20:30 hours) on Saturday 29 October 2011 and Sunday 30 October 2011.

For the avoidance of doubt, Pole 1 will be available throughout the 29th and 30th October 2011 in the event of a Grid Emergency in accord with the offer for Pole 1 effective since 00:00 hours 1 July 2011.

¹ Pole 1 response to a major tripping will be limited to frequency modulation, ramping to 302 MW for a few seconds
